 - It depends. We prioritize the type of behaviors that are reported, and it also so much easier for us to follow-up reports that have information like contact info of ppl in the department.
- Mace.103: Do you have opportunities for scenario trainings?
 - Yes! Email Molly Peirano.9.
- Mitchell.1852: Will grads have to take the U Got This 2! This following semester? Or will it start next year?
 - The trainings are already assigned so if you do them you are good to go.
- Shubina.1: The trainings make it clear how to approach students that are not acting well, but I do not know what to do if a student approaches me as a TA in a romantic way?
 - If you EVER feel uncomfortable, trust your gut and reach out.

- 3.3. We have had guests at our past few meetings – Email Nick some feedback on how you feel about the guests, or if you know anyone you think would be beneficial to come talk.

7. NEW BUSINESS

7.1. None

8. SPECIAL ORDER ITEMS

8.1. Delegate Issues and Concerns

- Omicron Covid variant – There is no formal update or policy. But as we learn about this, Nick will be sending out emails as information comes out.
- Covid Aid disbursement – no longer requires any documentation
- Heather Daly.# The Psychology Department received an email this week regarding our regular summer funding being discontinued. Previously summer funding was guaranteed after the 1st, 2nd, and 3rd years providing you reached your milestones. Now the 2nd and 3rd year summer funding is being discontinued, which is going to negatively affect a lot of students, especially those without other financial support. I was wondering if other departments are encountering similar issues, and how they're handling that? I am concerned that this decision will be especially harmful to students most in need.
 - All people in this situation; send Nick an email with the history of your department's funding. Nick will bring this to the graduate school.
- Leonhart.13: Had many constituents ask about what is the formal process for filing a grievance or complaint against a professor.
 - <https://oaa.osu.edu/complaint-and-grievance-systems>
 - <https://compliance.osu.edu/concern-reporting.html>
- Conner.280: In terms of Omicron, there's concerns of people in vulnerable situations hoping that they can still get accommodations / protections that they won't be forced to say, teach in person.
- Ben McKinley.#: Concern and update, there's now a contact person (University District Social Worker) to help people that are unhoused or facing a mental health crisis.
 - The contact info for the University District Social Worker is: Morgan Weininger her cell is 614-937-0221 her email is morgan.weininger@Southeastinc.com. Her work address is at St. Stephen's 30 W Woodruff Ave, Columbus, Ohio 43210.
- Edison.#: If we see these strains becoming more prevalent, will we be going back to virtual meetings?
 - We are definitely going to discuss this both here and at the next executive meeting.
- PacciEvaristo.#: Freedom of speech on campus -> We've seen religious anti-abortion posters on campus. Are there any regulations or ways we can complain about this?
 - Kerry Hodak.2: Because we are a State University so the University cannot take these things down, however, all posters must be approved by a type of building manager.
- Shubina.#: Who can advocate for the safety of GTAs?
 - Nick will investigate that.

9. ANNOUNCEMENTS

9.1. Next meeting is January 14th, most likely zoom

Meeting adjourned at 5:53 pm.
